

## Scott C – I am FREE of Devastating Cancer

I was 27 in February 2006, diagnosed with Epithelioid Sarcoma in my left hand.

I started 3 months of very toxic chemotherapy – which made me feel worse than I did before the chemotherapy. During these energy draining three months, my Sarcoma continued to grow. May 2006, my left hand was amputated above the wrist.

I was “healthy” for a year and a half. Then my left bicep began lighting up with large red areas on the PET scan – the Sarcoma had returned!

In 2008, I endured more chemo and surgeries that continued to fail – seven times!

My Oncologist’s option to keep me alive was a quarter-body-resection – to cut off my left arm, collar bone and shoulder blade to my neck!

We then knew that so-called “Modern Medicine” is not so Modern.

We continued to pray that Jesus would send us to a holistic doctor who would work with the entire body, not just where the doctors could see the cancer in my arm.

June 2009, Jesus answered our prayers, leading us to Dr. Garcia at Utopia Wellness, who uses multiple applications to treat cancer: Vitamin I.V. bags, supplements, colon cleanses, strict diet, exercise, plus clearing and freeing your mind and emotions through Core Health Sessions and the Heart Forgiveness Series.

As we left the initial consultation, we knew Utopia Wellness was where we needed to be to get treatment. The first day, I was introduced to Jill Perline, Core Health Facilitator, who assisted me getting my mind, heart and energy working together as one. After 1 week, I had more energy, confidence and all around healthier lifestyle.

Watching my Sarcoma shrink was really great, since it was visible through my skin. After all prior Medical Doctors said there’s no hope – in less than 2 months I confidently stated, “I AM CANCER FREE!!!” (Confirmed by PET scan)

Doctors said “NO”. . . we’d never have children again. Jill energy measured “YES.”

We are blessed with our second healthy child, Drew!

Equally wonderful, I still have my arm to live a long and happy life with my wife Jenn, daughter Grace and son Drew. We thank Jesus on a daily basis for healing my body by bringing us to Utopia and to Core Health.

By Core Health and Heart Forgiveness, my body pH shifted from acidic to a healthy alkaline in 2 weeks.

My Will-to-Live at 77% rose to 100% during the first visit.

I started with 65% cells in protection – meaning they were not being proactive in fighting off anything in my body.

In 3 weeks, 0% cells were protecting!

We found that my cancer was 7% physical and 93% attitude (mental, emotional, energy). This meant I had to clear and free all my deeper energy issues to get healthy.

In 7 short weeks with Core Health and Heart Forgiveness, I was completely healthy mentally, physically, emotionally and spiritually.

Thank you again Jill Perline, for your passion in creating a wonderful environment for all your clients to come and enjoy the Core Health sessions.

Shows cells can SHIFT back to Healthy cells (which we know).
